EDUCATION

McGill University — Montreal, QC
Bachelor of Science in Computer Science — *Sep 2017 – Feb 2021*

EXPERIENCE

Software Developer - AI Trainer — Toronto, ON
DataAnnotation — *Aug 2024 – Present*

- Reviewed and assessed software development solutions to ensure technical accuracy and best practices
- Provided technical feedback on code quality and adherence to development standards
- Evaluated React components, hooks, and modern JavaScript/TypeScript implementations for accuracy and correctness

Software Developer II — Toronto, ON
Vena Solutions — *Apr 2022 – Oct 2023*

- Rebuilt legacy financial workflow feature from BackboneJS into a modern ReactJS app, boosting Net Promoter Scores by 25%
- Engineered real-time Excel and PowerPoint sync using Java SpringBoot and Aspose, cutting manual reporting time by 40%.
- Introduced FormatJS for seamless i18n support and React Query for scalable state management
- Enhanced the company-wide component library in collaboration with UX designers ensuring development consistency across teams
- Acted as Scrum Master for sprints, facilitating daily stand-ups, sprint planning, and retrospectives
- Mentored co-op students and enabled them to contribute production-ready code within their first two weeks

Software Developer I — Toronto, ON
Vena Solutions — *Nov 2021 – Apr 2022*

- Improved React-based Excel integration to ensure full cross-platform compatibility, driving a 20% increase in MacOS adoption
- Managed Jenkins-based automated and manual release rotations, resolving any release issues or escalating as needed
- Improved code quality through code reviews, bug fixes, and comprehensive unit tests
